Re: **Request for Extension of Time to File Construction Permit Application**
Station KSKX(FM), Security, Colorado
Facility Identifier Number: 50402
MB Docket No. 04-367, RM-11070

Dear Ms. Dortch:

Optima Communications, Inc. ("Optima"), the licensee of Station KSKX(FM), by its counsel, hereby requests an extension of time to electronically file a construction permit application on FCC Form 301 to implement the rule making identified above.

The Commission issued a *Report and Order* on January 10, 2005, in the aforementioned proceeding that amended the FM Table of Allotments to specify Channel 288C2 at Security, Colorado and advised Optima, as the licensee of Station KSKX(FM), to submit a minor change construction permit application to specify this new channel within 90 days of the effective date of the *Report and Order*. However, Optima needs additional time to gather information to support some of the engineering exhibits that it will include in the application. Thus, Optima respectfully requests a thirty (30) day extension of time to file its construction permit application for Channel 288C2 at Security, Colorado.

If there are any questions about this Request, please contact the undersigned counsel for Optima Communications, Inc.

Sincerely,

Mark N. Lipp
